

USER GUIDE FOR QR CODE GENERATION VIA VietQR

Introduction Public Bank Vietnam customers can generate current account VietQR code through VietQR's website for the purpose of facilitating fund transfer

Procedure

Step 1

Access the Official Website of VietQR with the address: <https://vietqr.net/>
The screen to generate new QR code is at the website's homepage:

The screenshot shows the VietQR website interface. At the top, there is a banner with the Napas logo and text: "52 NGÂN HÀNG THAM GIA MẠNG LƯỚI CHUYỂN NHANH napas 24/7 BẢNG MÃ VietQR". Below the banner is a blue header with the text "Hệ thống tạo mã VietQR". The main content area is titled "Thông tin thiết lập mã VietQR" and contains a form with the following fields: "Ngân hàng thụ hưởng *" (dropdown), "Số tài khoản thụ hưởng *" (text input with a 0/19 character count), and "Tên chủ tài khoản *" (text input with a 0/50 character count). There is a "Tùy chọn thêm" (dropdown) button below the name field. A note states "* Thông tin bắt buộc". A checkbox is labeled "Tôi đồng ý với các điều khoản và điều kiện". A "Tạo mã" (Generate code) button is at the bottom right of the form. A red box highlights the browser's address bar at the bottom, showing "AA", a lock icon, "vietqr.net", and a refresh icon.

Note: Please input the VietQR website address exactly as <https://vietqr.net/> and do not access to any other website addresses to QR code generation for ensure your information security.

Step 2

a. Generate QR code containing the account number only:

Input account information in the [Thông tin thiết lập mã VietQR] (Information about setting up VietQR code) field:

- [Ngân hàng thụ hưởng] (Beneficiary Bank): Choose Public Bank Vietnam from dropdown list or input “PBVN” for quick search
- [Số tài khoản thụ hưởng] (Beneficiary account number): Key in PBVN account number
- [Tên chủ tài khoản] (Beneficiary name): Key in your account name (must be in UPPERCASE)
